

September 2019

Dear NHLTA Members,

NHLTA has scheduled several Regional Trustee Meetings this fall. They are intended to offer an opportunity for trustees to learn from one another, compare notes on specific topics, and share successes and not-so-successful experiences. In addition, we invite trustees to extend this invitation to your Friends group, as there will be a concurrent meeting of Friends members. Our thanks to the Moultonborough Friends who will be providing refreshments for us.

For trustees, the initial focus of the discussion will be the budgeting process (how you approach this task, the role of the director, who presents the budget to the Selectmen and/or Budget Committee), and the library's relationship with the Board of Selectmen. Trustees can raise any other topics they wish during the meeting.

Friends will share fundraising ideas and tips, strategies they've employed to grow their membership and how they relate to the Board of Trustees and Library Director.
