Roadmap

1. Introduction to CENH
2. Your Library Building & Energy Costs
3. Examples
4. Ways to Support Your Residents

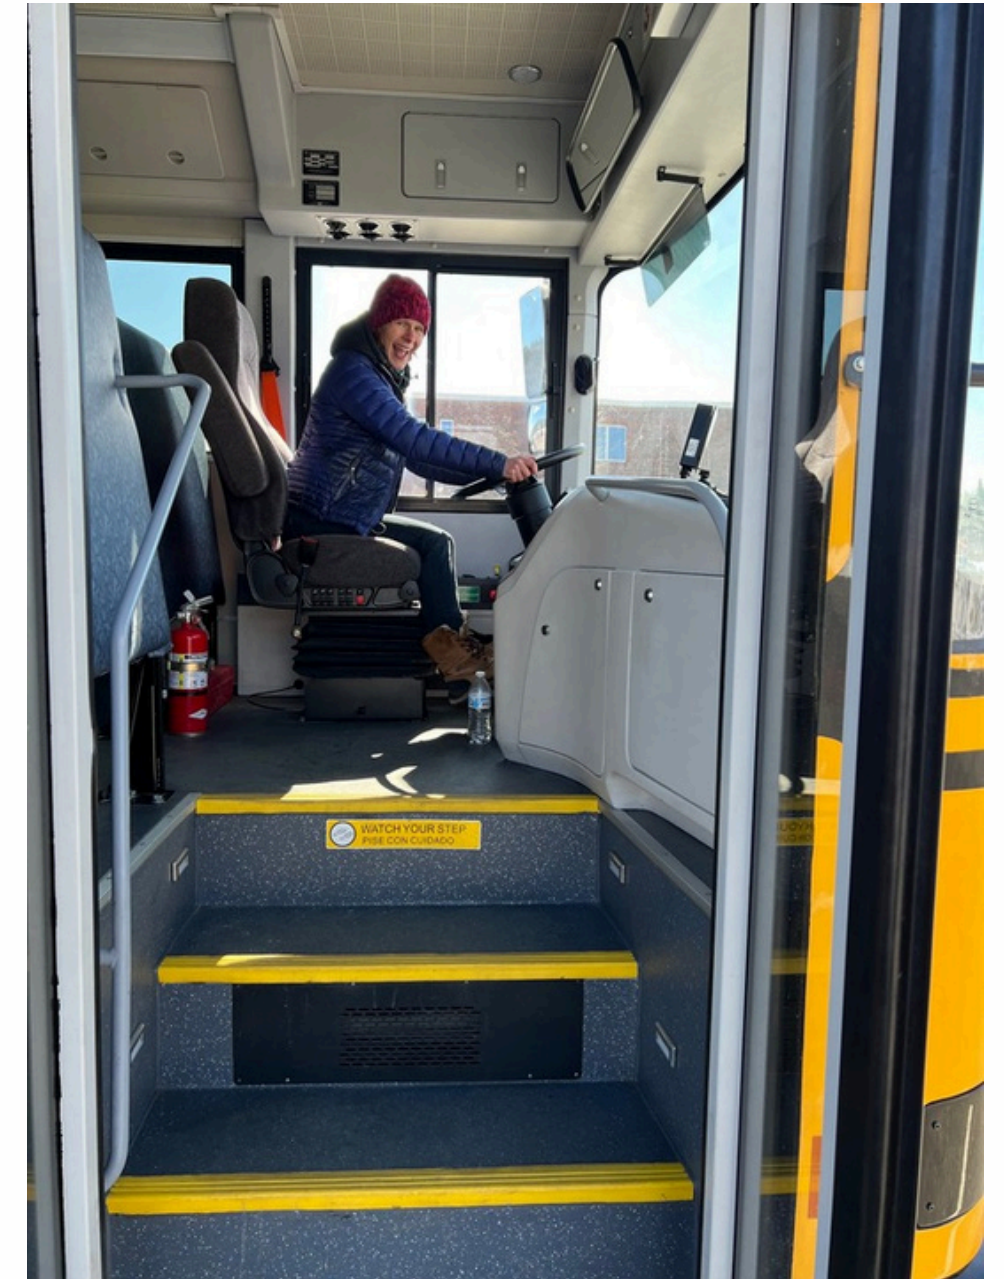

CLEAN ENERGY NH

LEADING NEW HAMPSHIRE'S CLEAN ENERGY TRANSITION

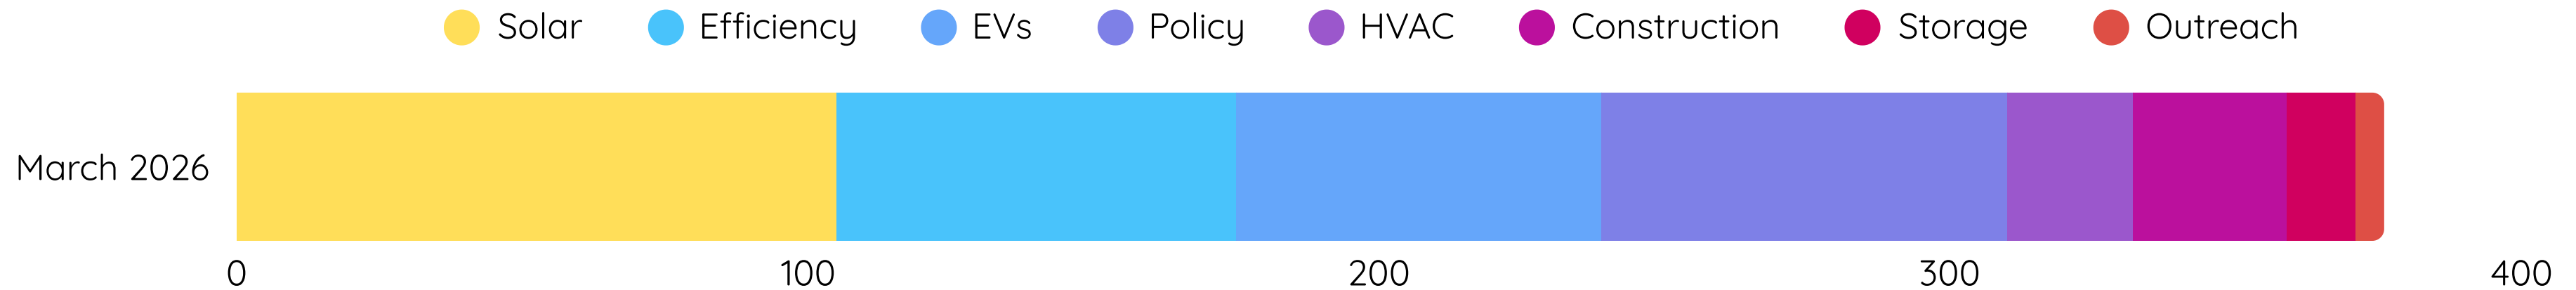

Vision	A decarbonized energy system for New Hampshire by 2050 With a focus on <u>renewable energy</u> , <u>energy efficiency</u> , and <u>beneficial electrification</u> .
Guiding Principles	<ul style="list-style-type: none">• Energy rates and costs must be affordable for all.• The energy system must distribute economic and environmental burdens fairly.• The energy system must be secure, resilient, and reliable.
Our Work	<ul style="list-style-type: none">• Policy Advocacy & Leadership• Education, Outreach, Technical Support (<i>including the Energy Circuit Rider team!</i>)• Network Engagement & Coordination
Join Us!	<ul style="list-style-type: none">○ 50+ Municipal Members○ 85+ Business Members○ 600+ Individual Donors

ENERGY CIRCUIT RIDERS

Direct, hands-on assistance to plan, finance, & implement energy projects

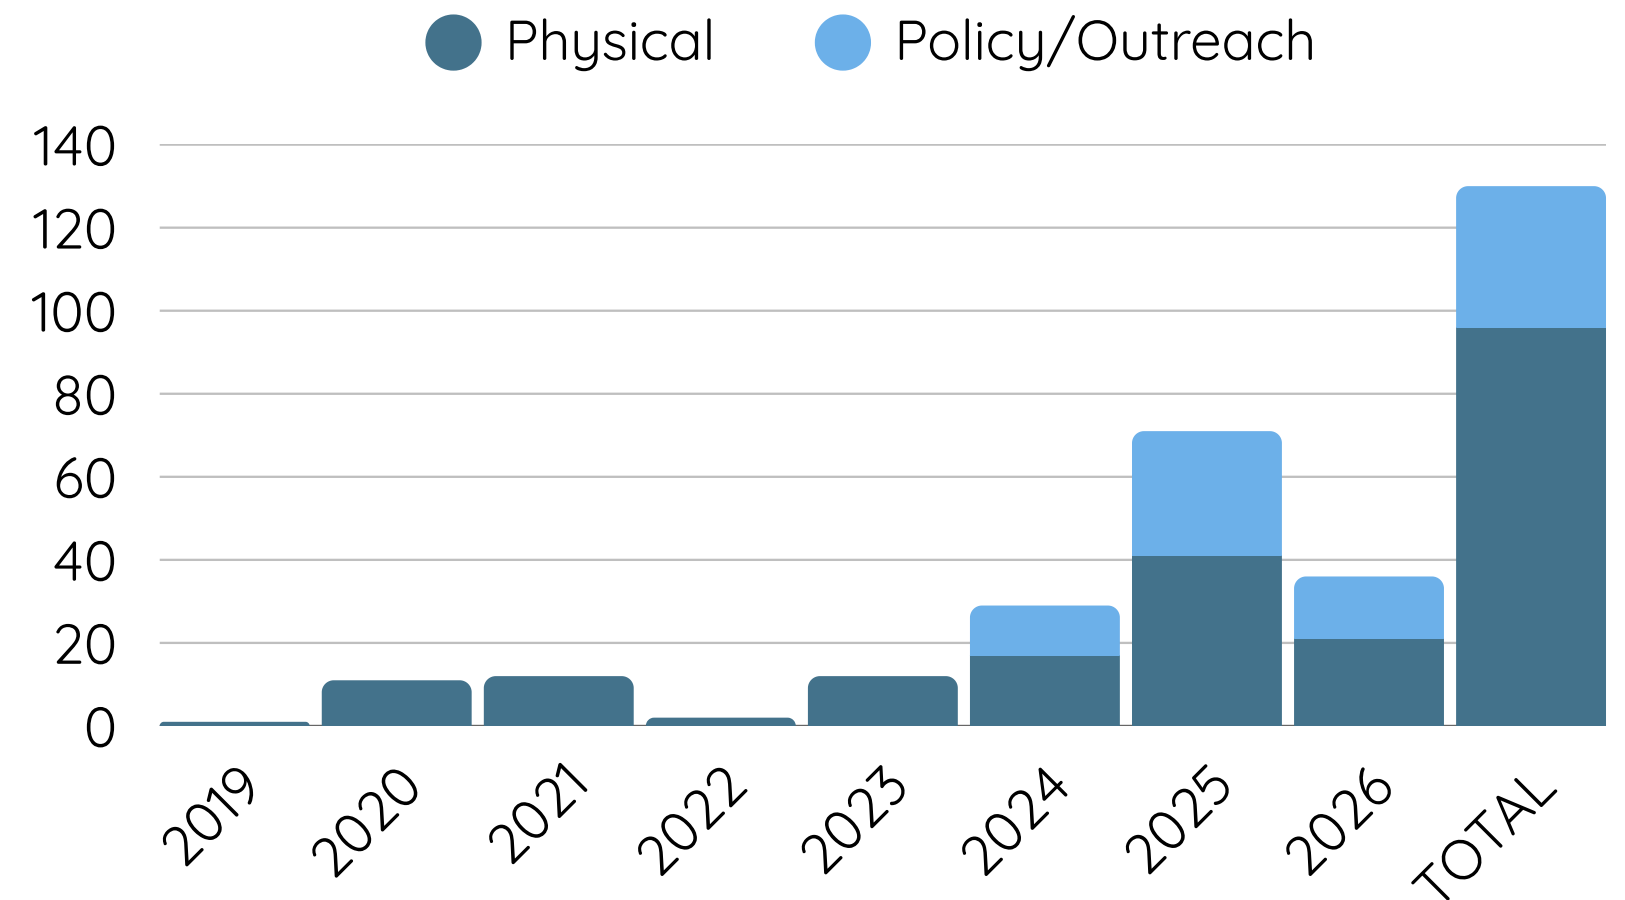

Currently supporting 379 Projects in 129 Towns

Energy Circuit Riders Can Help With:

- ✓ Project identification/prioritization
- ✓ Examples from around the state
- ✓ Funding plans & grant writing
- ✓ Samples and templates (e.g. RFPs)
- ✓ Lists of qualified contractors
- ✓ Warrant article drafting
- ✓ Community engagement strategies
- ✓ Questions and road blocks as they arise

Completed Projects

Municipal Energy Circuit Riders (Regional)

Solar and Battery

Nelson

Solar

Your Library Building

Tips

- Contact Clean Energy NH
- Assign a volunteer to scope / project manage
- Scope out projects EARLY

Helping Residents Navigate Energy Challenges

Programs
Resources
Funding

Every resident is dealing with energy challenges

Every town has a library

Helping Residents Navigate Energy Challenges

Top resources residents say they would actually use if offered by their local library

1. Free energy saving supplies
2. Workshops on do-it-yourself home energy savings
3. Workshops about where to start and what programs exist
4. Help applying for energy saving programs
5. Getting connected with experienced neighbors or contractors

Helping Residents Navigate Energy Challenges

1. Local Energy Committees
2. NHTSaves
3. New incentive programs for heat pumps etc.
4. NH Energy Education Program
5. Window Dressers
6. Coaching Programs

Helping Residents Navigate Energy Challenges

Tips

1. Start by simply posting/sharing relevant info
2. Seek out volunteers who care about this
3. Collaborate with CENH and other towns
(multi-town virtual events, shared volunteers)

Next Steps

1. Get on our contact list

2. Think about what you might want to do

3. Keep in touch

CLEAN ENERGY NEW HAMPSHIRE

Thank you!
